

## February 2011

### *MOVE-ACTA Meeting on Oral Regenerative Medicine on 1 april 2011*

The final program is ready and can be found on the 2<sup>nd</sup> page of the newsletter. Please register for the meeting on [www.move.vu.nl/scientific-meetings/registration/](http://www.move.vu.nl/scientific-meetings/registration/)

### *Daan Bregman First Runner Up at the 3rd DUTCH BME Conference*

Daan Bregman received the first runner up price of € 250,- for his Oral Presentation 'The Energy Cost of Walking can be Optimized by Choosing the Correct Ankle Foot Orthoses Stiffness'. His co-authors were Vincent de Groot, Carel Meskers, Marjolein van der Krogt, Martijn Wisse, Steven Collins and Jaap Harlaar. The meeting was held at Egmond-aan-Zee on January 20-21<sup>st</sup>.

### *KNGF grant*

Janne Veerbeek from the Department of Rehabilitation Medicine at the VUmc has received a grant from the Royal Dutch Society of Physical Therapy (KNGF) for updating the Stroke guidelines for Physical Therapy published in 2004. Apart from updating the scientific evidence on stroke rehabilitation, the new edition of this guideline will cover new topics like innovative interventions (e.g. robotics, combination therapies) and is aimed to be a 'live guideline' which will be updated online every two years. In addition, the guideline will be imbedded within the European (EFNR) and World Federation of Neuro Rehabilitation (WFNR). To achieve this, intensive collaboration will take place with experts in this field in Europe, Australia and North America.

### *ECSS to Amsterdam*

We are very pleased to announce that the annual Congress of the European College of Sport Science (ECSS) in 2014 has been awarded to Amsterdam. The congress will take place from 5-9 July and will be organized by Arnold de Haan (MOVE), Peter Beek (FBW) and Willem van Mechelen (EMGO+).

### *New Members*

#### **New PhD students :**

**Janne Veerbeek** – 'Early prediction of outcome after stroke'. (Co-)promoters: G. Kwakkel and E. van Wegen. (*Funding*: contract research).

February 22, 2011

Seminar

Refereeravond Osteo-Artrose VU-VUmc  
6 p.m., IJsselzaal 2E14  
(Hospital Building VUmc)

March 11, 2011

VUmc Wetenschapsdag

All day event at the Amstelzaal  
(Hospital Building VUmc)

March 17, 2011

Symposium preceding the inaugural  
lecture of Jelte Bos

Gaan, staan, kijken en kokken met  
het evenwichtsorgaan  
12.30 p.m., G613 (Medical Faculty,  
VU University Amsterdam)

March 17, 2011

Inaugural Lecture

Jelte Bos

Gaan, staan, kijken en kokken met  
het evenwichtsorgaan  
3.45 p.m., Aula (Main Building,  
VU University Amsterdam)

April 1, 2011

MOVE Symposium on  
Oral Regenerative Medicine

9 a.m. - 4 p.m.

For the complete program, please  
visit [www.move.vu.nl/scientific-meetings/](http://www.move.vu.nl/scientific-meetings/)

April 19, 2011

Seminar

Jan Theeuwes

Top-down and bottom-up control of  
visual selection  
1.30 p.m., A301 (Medical Faculty,  
VU University Amsterdam)

## February 2011

**Tom Stevens** – ‘Individual monitoring, match analysis, visual search behavior and soccer talent’. (Co-)promoters: G.J.P. Savelsbergh, P.J. Beek and J. de Ruiter. *Funding:* contract research.

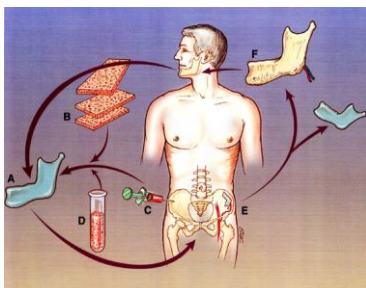

### *MOVE-ACTA Meeting on Oral Regenerative Medicine*

Program:

- 09:00 *Registration, coffee*
- 09:25 *Welcome (V. Everts, J. Klein-Nulend)*
- 09:30 *Tissue engineering, general (G.J. van Osch, ErasmusMC, NL)*
- 10:00 *The role of collagen in bone apatite formation in the presence of hydroxyapatite nucleation inhibitors (N.A.J.M. Sommerdijk, TUE, NL)*
- 10:30 *Coffee/tea break*
- 11:00 *Mechanical considerations in cartilage tissue engineering (C.C. van Donkelaar, TUE, NL)*
- 11:30 *Osteoinductive bone substitute for bone regeneration (Y. Liu, ACTA, NL)*
- 12:00 *Stem cell-mediated tooth growth and repair (P. Sharpe, Kings College London, UK)*
- 12:30 *Lunch*
- 13:30 *Foreign body reaction in tissue engineering (R.A. Bank, UMCG, NL)*
- 14:00 *The secret of the smile: it's all about dental stem cells (T.A. Mitsiadis, Univ. Zurich, Switzerland)*
- 14:30 *Coffee/tea break*
- 14:45 *Oral tissue engineering for wound healing and in vitro assays (S. Gibbs, VUmc, NL)*
- 15:15 *Adipose stem cells and bone/cartilage regeneration (M.N. Helder, VUmc, NL)*
- 15:45 *Drinks*

The program allows ample time for discussion. We aim for an informal atmosphere, to foster discussion and the exchange of new ideas, theories, and techniques, and an audience of about 100 participants.

Registration via our MOVE website [www.move.vu.nl/scientific-meetings/registration/](http://www.move.vu.nl/scientific-meetings/registration/)

*June 17, 2011*

*PhD Ceremony*

Tim Bosch

Fatigue and performance in repetitive industrial work

11.45 a.m., Aula (main building  
VU University Amsterdam)

*September 28, 2011*

*3<sup>rd</sup> Annual MOVE Research Meeting*

Complete program and venue yet to  
be announced

*July 5-9, 2014*

*19<sup>th</sup> annual Congress of the European  
College of Sport Science (ECSS)  
(Campus, VU University Amsterdam)*
