Call for MOVE proposals

To kick-start MOVE's research, the Institute will fund 1 research program (3 PhD students) and 2 research projects (1 PhD student each). Members of MOVE are invited to submit proposals for both.

For more information, please go to: www.move.vu.nl

MOVE website

The MOVE website is on line: www.move.vu.nl. On the website information on the organisation, research programs and education can be found. Very soon the personal websites of MOVE members will be available. If you have input for the website (for example a news item or information for the calendar), please contact Kirsten Bijker (k.bijker@fbw.vu.nl).

Council of Advice

The directorial council set up a Council of Advice that advises the board of MOVE on matters of policy regarding MOVE.

On www.move.vu.nl/organisation/ you can find more information on this Council.

Newsletter

Research Committee MOVE

The Research Committee judges internal research proposals on its scientific merits, practical feasibility and suitability with the mission of MOVE before recruitment can take place. Furthermore, the Research Committee offers assistance with the writing of grant proposals. After submitting an external grant proposal, MOVE members are asked to notify the Research Committee.

The Research Committee meets every month.

Proposals for the committee can be sent to Kirsten Bijker (k.bijker@fbw.vu.nl).

For more information on the Research Committee, please go to <http://www.move.vu.nl/organisation/research-committee/>

Medical Scientific Testing Committee

The Medical Scientific Testing Committee (MSTC, previously called 'CWO') meets every two weeks. This Committee tests research proposals before they can be submitted to the Medical Ethical Testing Committee of the VU University Medical Center.

Proposals for this committee should be sent **in ninefold**, before Wednesday 12.00 hrs (8 days before the meeting of the Committee) to Kirsten Bijker (FBW).

For more information on the MSTC, please go to <http://www.move.vu.nl/organisation/medical-scientific-testing-committee/>
